## **SolveIT Software Founder Named Finalist for Science Excellence Awards**

ADELAIDE, SOUTH AUSTRALIA, 22 August 2008 – SolveIT Software Pty Ltd, a leading provider of enterprise software for supply & demand optimisation and predictive modelling, announced today that the company's co-founder and Chairman, Dr Zbigniew Michalewicz, has been named a finalist for South Australia's Science Excellence Awards for the commercialisation success of Adaptive Business Intelligence.

"These prestigious awards, now in their fourth year, recognise and reward some of our State's most outstanding scientists," Minister Caica said. "Our scientists compete in a highly globalised research and innovation environment and they consistently excel on the world stage, making enduring contributions to the social and economic growth of our State."

Dr Zbigniew Michalewicz will provide keynote talks on the subject of Adaptive Business Intelligence at numerous international conferences throughout 2008 and 2009, including the Jornada de Inteligencia Computacional Aplicada al Negocio (JICAN) held in Valencia, Spain on the 25<sup>th</sup> of September, 2008; the 21st Australasian Joint Conference on Artificial Intelligence (AI-08) held in Auckland, New Zealand on the 3rd – 5th December, 2008; and the 7th International Conference on Simulated Evolution and Learning (SEAL'08) held in Melbourne, Australia on December 7 - 10, 2008.

## **About SolveIT Software Pty Ltd**

SolveIT Software Pty Ltd is an Australian company specialising in enterprise software solutions for supply & demand optimisation. Founded upon the leading research of several world-renowned computer scientists and research organisations, we offer tailored solutions for advanced planning & scheduling, supply chain network optimisation, demand planning & optimisation, and predictive modelling. Our software solutions are based on proprietary platforms for advanced optimisation, prediction, and what-if analysis, and can optimise production and supply chain activities on both a local (plant) and global (network) level. Current clients include ABB Grain, Intercast & Forge, Pernod Ricard Pacific, ETSA Utilities, Australian Vintage, Michell Wool, Dentsu Corporation, and the Australian Defense Science and Technology Organisation (DSTO).
