SolveIT Software Presents at the 14th Australian Wine Industry Technical Conference

ADELAIDE, SOUTH AUSTRALIA, 15 June 2010 – SolveIT Software Pty Ltd, a leading provider of enterprise software for supply & demand optimisation and predictive modelling, announced today that it present a seminar on "Optimising the Wine Supply Chain" at the 14th Australian Wine Industry Technical Conference.

The Australian Wine Industry Technical Conference is owned and conducted by the Australian wine industry. The conference is held on a triennial basis for the benefit of the Australian wine and grape industry, and is an important contributor to this industry's excellence and competitive advantage. First held in 1970, this is the premier technical wine conference held in Australia, and will attract in excess of 1,600 delegates.

SolveIT Software will present during Session 4, entitled "Cutting edge technology for targeted wine style" on 5th July. The session will be chaired by Stuart McNab, Director of Wine Production for A/NZ, Foster's Group, and will include speakers from Paul Osicka Wines and the Australian Wine Research Institute

The 14th Australian Wine Industry Technical Conference and WineTech 2010 - the Australian Wine Industry Trade Exhibition will be held 3-8 July 2010, at the Adelaide Convention Centre, Adelaide, South Australia. For more information, please visit: www.awitc.com.au and www.winetechexpo.com.au/site/conference/

About SolveIT Software Pty Ltd

SolveIT Software Pty Ltd is an Australian company specialising in supply & demand optimisation. Founded upon the leading research of several world-renowned computer scientists and research organisations, we offer enterprise software for advanced planning & scheduling, supply chain network optimisation, demand planning & optimisation, and predictive modelling. Our software applications are based on proprietary platforms for advanced optimisation, prediction, and what-if analysis, and can optimise production and supply chain activities on both a local (plant) and global (network) level. Customers include Rio Tinto, ABB Grain, Visy Industries, Pernod Ricard Pacific, Amcor, Incitec Pivot, ETSA Utilities, ElectraNet, Foster's Group, BMA Coal, PFD Food Services, Wilson Transformer Company, Dentsu Corporation, and the Australian Defense Science and Technology Organisation (DSTO).
