## **SolveIT Software CEO to Speak at the 2005 Australian IT Innovation Winners Function**

ADELAIDE, SOUTH AUSTRALIA, 11 December, 2005 – SolveIT Software Pty Ltd, a leading provider of enterprise software for supply & demand optimisation and predictive modelling, announced today that the company's Chief Executive Officer, Matthew Michalewicz, will be a speaker at the 2005 Secrets of Australian IT Innovation winners function held on the 14<sup>th</sup> of December in Sydney, Australia.

The Secrets of Australian IT Innovation Competition is now in its fourth year and will build on its success in selecting and promoting Australia's most innovative ICT companies and research organisations. The competition is an opportunity for all Australian organisations involved in the ICT sector to present their innovation and technology to a panel of judges drawn from leading research institutions, media, market research organisations and major ICT companies.

The Minister for the Department of Communications, Information Technology and the Arts (DCITA), Senator the Hon Helen Coonan, will be awarding prizes to the competition winners. The winners will have the opportunity to use their prize to present their innovative technologies to customers, partners and investors both domestically and internationally. They will also be profiled in material that will promote their innovation and in the promotion of Australia as an innovative nation.

Matthew Michalewicz was a national judge for the contest, and his speech will focus on successful strategies for taking technology innovations to the global marketplace.
