Wyong Council Goes Live with SolveIT Software's APS System

ADELAIDE, SOUTH AUSTRALIA, 24 January 2011 – SolveIT Software Pty Ltd, a leading provider of enterprise software for supply & demand optimisation and predictive modelling, announced today that Wyong Shire Council has gone live with SolveIT Software's Advanced Planning & Scheduling (APS) system for government-wide equipment and resource scheduling.

SolveIT Software's APS system replaced a manual process of scheduling equipment and operators to perform council works. With numerous plant, operators, and contractors, this was a time-consuming, paper-based process for planners. SolveIT Software's APS system simplified and made visible the scheduling of complex functions, including drag-and-drop assignments on a planning board, workflow management for entering bookings and confirming operators, and easy to use rescheduling functionality.

"SolveIT Software's APS system provides visibility of the key information required to make good scheduling decisions, including operator availability, asset and operator utilisation, plant availability, confirmed and unconfirmed bookings, and a complete view of weekly scheduling requirements," said Phillip Manley, Plant Coordinator at Wyong Shire Council. "SolveIT Software's delivery team has been great to work with, helping us every step of the way to ensure that the application fits our requirements and our work environment."

With the introduction of SolveIT Software's APS system, the planners and management at Wyong Council now have a transparent and easy-to-use tool that speeds up the planning and scheduling process.

Wyong Shire is located in the Central Coast region of New South Wales, Australia, and north of Sydney. It includes a coastal strip from Bateau Bay to Budgewoi, some lakeside towns and residential areas, some inland towns on the coastal plain and a sparsely populated region to the west with some rural townships (Yarramalong, Doralong, Jiliby) and regions of native bush (Kulnura). For financial year 2007 - 2008, Wyong Shire Council had revenues in excess of \$244 million. For more information about Wyong Shire Council, please visit:
